## **AUDITION TIPS:**

**Audition material should not be more than 1 year old** from your application date and should be representative in style and standard of what you intend to showcase at Disneyland® Paris.

Your audition is the only tool we have to assess your group, therefore please ensure that the quality and content show you at your best!

The following criteria have been established for selecting performance groups to be a part of the Disney Performing Arts OnStage programme.

### ➤ **DANCE**

- Choreography must last for the duration of a piece - no shorter than 3 minutes
- When creating your choreography, think about the ages and levels of your group
- Simple and effective choreography wins every single time. Don't make it complicated
- Movements should be clean and performed in time to the music
- Groups intending to perform tap, pointe work or acrobatics must showcase these disciplines in their audition material
- Keep the lines, spacing and blocking clean
- Most importantly have fun! If your performers are having a great time then we are going to enjoy watching them
- Please place your video camera close enough so that specific movements of the group can be easily and clearly seen, but far enough to capture the whole group at one time. Please avoid close-ups
- Enjoy it, sell it and shine!

### ➤ **INSTRUMENTAL AND VOCAL**

- Your choice of repertoire is key. Remember that upbeat and identifiable pieces are most enjoyable for your audience
- Don't play/sing anything too complicated, be realistic about the ability of your performers
- Keep solos to a minimum as this is not representative of who you are as a group
- Listen to each other and make sure you are playing/singing as a group
- Remember to smile at your audience and avoid talking, fidgeting or chewing gum.
- When recording, please make sure that microphones capture the entire group
- To ensure good sound quality, do not place your recording device on top of a piano, next to a drum kit, or too close to your music source...

## **AUDITION SUPPORT**

- Auditions should be submitted on the following supports: DVD or video digital files. Digital files can be sent using a free online file-transferring service :
- **Internet links that cannot be downloaded are not accepted**
- **Please ensure the quality of the sound and video recordings**
- **Label ALL material with the group name and the pieces included. For digital files, name each file with the group name and title**
